

# RISE Hybrid Private Academy

## Welcome & Supply List

Welcome, Everyone!

We are incredibly excited to begin our eighth year! This promises to be a year filled with golden opportunities for all of our students as we strive to find ways that we can be even better than we have been before! We embark on this journey with a pledge to you {our students and parents}, that this will be a year of engaging, meaningful, and rigorous work.

The previous school year was a huge one, Rise Hybrid Academy officially grew to include the private school Rise Hybrid Private Academy, changing its accreditation status from being a Regionally (US) accredited program to a Worldwide Accredited Online Private school. As we continue to strive to be the best educational program for quality personalized education, we want you to know that we value every one of you. You have all been an integral part of our success.

This year we will be offering group language lessons included in private school tuition costs, we will be offering a weekly introduction to music class and art class. We are also excited to offer multiple Advanced Placement courses, while also continuing to work with local colleges so that our students can take Dual Enrollment courses to count towards college credits. Also, we have a very involved parent group this year that will be working together to provide additional support. One parent has offered to start a blog on the school website and will be doing an information session as the year gets rolling to help all parents to offer their expertise and plan activities and field trips for students to be able to get to meet in person. Lastly, we are working with a few churches to do some student-led volunteer efforts to help support children in other countries, our history teacher has also organized many different trips for student groups that we will start looking at for future years.

The following forms include a supply list, additional paperwork just in case you did not complete it in the initial application process, and Covid information.

We encourage you to contact us if/when the need arises, and to stay in the know about your child's studies, assignments, assessments, and school activities, as well as other events and happenings.

Again, we welcome you to Rise Hybrid Private Academy and our wonderful learning community. Our program is alive with energy, enthusiasm, and a high standard of excellence! It is, indeed, a place where opportunities abound! Here's to an amazing new school year!

Sincerely,

*Nicholle Anatol M.Ed*
